ABOUT ME

Data enthusiast with a strong foundation in analysis and statistical modeling, skilled at extracting meaningful insights from complex datasets. Proficient in Python, Pandas, and NumPy, with a focus on solving real-world problems through data-driven decision making.

EDUCATION

B.Tech in Computer Science and Artificial Intelligence

Newton School Of Technology

Rishihood University

2024-2028

TECHNICAL SKILLS

Languages: Python, SQL

Libraries: Pandas, NumPy, Matplotlib, Seaborn

Visualization: Tableau

Tools: Excel, Google Sheets

Other: Statistics, Data Cleaning, EDA, Dashboarding, Agile / Scrum

CERTIFICATION

- Intro to LLMs|Gen Ai - **GOOGLE**
- **Adobe** India Hackathon
- Bharatiya Antariksh Hackathon **(ISRO)**
- HCL GUVI STAR

PROJECTS

Airline Ticket Prices vs Fuel Costs Analysis *April 2026*

Tools: Tableau , Python Libraries GitHub Tableau Dashboard

- Built an end-to-end data analytics pipeline integrating 6+ datasets to analyze airline pricing and cost dynamics
- Performed data cleaning, EDA, and feature engineering on 18,000+ records using Python (Pandas, NumPy)
- Conducted statistical analysis to evaluate fuel cost impact on ticket pricing and demand patterns
- Developed an interactive Tableau dashboard to visualize trends and key performance metrics
- Generated actionable insights supporting pricing strategy, revenue optimization, and data-driven decision-making

Impact of COVID-19 on Maternal & Newborn Health *Feb 2026*

Tools: Python, Google Sheets, Excel GitHub G-Dashboard

- Analyzed 5,000+ healthcare records to study maternal mental health and neonatal outcomes during COVID-19
- Performed data cleaning, preprocessing, and feature engineering to handle missing values and improve data quality
- Conducted EDA and segmentation analysis across age, income, and education to identify key risk patterns
- Built an interactive dashboard (Google Sheets) using pivot tables and charts for dynamic KPI tracking
- Generated data-driven insights supporting healthcare decision-making and maternal risk assessment strategies

ACHIEVEMENTS

- HPAIR International Conference Delegate
- Break The Case Finalist (BITS-Pilani)
- IIT Kharagpur NSSC Finalist
- Asia Youth MUN Representative
- Hacktoberfest Open Source Super Contributor
